CHAPTER-II

MANNER OF VENDING IN DIFFERENT VENDING ZONES

- 3. TVC shall have to decide about vending zones considering an intensity of foot falls, Road width and vehicular & pedestrian movement for the city.
 - i. There shall not be any restriction-free-vending zones in the city. Carrying capacity of an area would put the ultimate limit on the number of street vendors which can be positioned in any area. However, there shall not be any restriction on mobile vending in this area if vendors continuously move without affecting traffic and commuter movements. In such cases the TVC has to decide the total number of such mobile vendors can be accommodate after taking into account the area of significant footfall and 1/3rd of the holding capacity of the area. Otherwise there is every chance of mobile vending itself creating problem for the traffic movement. as the mobile vending invariably takes place from the carriage way.
 - ii. **Restricted vending zones should be linked with the road width:**
 - a. There shall not be any stationary street vending on a road having width equal to 3.5 meters. However, street vending shall be allowed if such road is declared as no vehicular road.
 - There shall not be any stationary street vending on a road having width between 6 meters to 9 meters. However, street vending shall be allowed if such road is declared as one way vehicular road.
 - There shall be only one side stationary street vending on a road having width between 12 meters to 24 meters while both side stationary vending shall be allowed on a road having road width of 30 meters and above.
 - d. Number of street vendors shall be decided by considering holding capacity of each designated vending area on such a road.
 - e. Such stationary vending shall be allowed after taking the clearance from traffic police regarding the smooth vehicular and pedestrian movement. If required, road side parking shall be banned in such area where street vending is allowed.
 - f. Mobile vending shall be allowed on such road looking to the traffic and pedestrian movement.
 - g. Suggestive road designing is attached as Annexure.
 - iii. **No vending zone:**
 - a. No vending shall be allowed around 200 meters of the Secretariat, District Courts, District Secretariat, offices of District Panchayat, Municipal Corporation, Municipality, Nagar Panchayat, Cantonment

Board and ASI and state archeological monuments.

- b. No vending within 50 meters from any crossing of two or more roads on all side and any declared heritage structures by the local authority.

4. A street vendor, who got street vending certificate for any of these vending zones, **shall not** —

- Obstruct or interfere with vehicle, bicycle or pedestrian traffic or their safety;
- Obstruct or interfere with doorways, entrances, fire doors or emergency exits adjacent to the street;
- Obstruct or interfere with any utilities like water supply, sewerage, telephone, electricity etc or similar installations;
- Obstruct or interfere with any other structures, sign boards, display units, city works or operations, on or adjacent to the street;
- Sell any objectionable goods or services or merchandise etc;
- Occupy more space than allotted by the TVC;
- Sell goods or services or merchandises after fixed hours as specified by the TVC;
- Put garbage anywhere except specific place, which identified by the local authority;
- Sell their goods or services or merchandises after expiry of the vending certificate;
- Use of loudspeakers, megaphones, sound systems or other amplification equipment;
- Transfer the certificate to any other vendors without approval;

5. Responsibility of Street Vendors -

The street vendor or the employees of the vendor shall have to-

- Do vending on the place as specified in the vending certificate;
- Comply with all conditions specified in the certificates;
- Display the permit at vending place all times;
- Ensure that either the street vendor or such family member whose name has been mentioned in the vending certificate or employee remains present at vending place during vending hours;

CHAPTER-II

MANNER OF VENDING IN DIFFERENT VENDING ZONES

3. TVC shall have to decide about vending zones considering an intensity of foot falls, Road width and vehicular & pedestrian movement for the city.

- i. There shall not be any restriction-free-vending zones in the city. Carrying capacity of an area would put the ultimate limit on the number of street vendors which can be positioned in any area. However, there shall not be any restriction on mobile vending in this area if vendors continuously move without affecting traffic and commuter movements. In such cases the TVC has to decide the total number of such mobile vendors can be accommodate after taking into account the area of significant footfall and 1/3rd of the holding capacity of the area. Otherwise there is every chance of mobile vending itself creating problem for the traffic movement as the mobile vending invariably takes place from the carriage way.

ii. Restricted vending zones should be linked with the road width:

- a. There shall not be any stationary street vending on a road having width equal to 3.5 meters. However, street vending shall be allowed if such road is declared as no vehicular road.
- b. There shall not be any stationary street vending on a road having width between 6 meters to 9 meters. However, street vending shall be allowed if such road is declared as one way vehicular road.
- c. There shall be only one side stationary street vending on a road having width between 12 meters to 24 meters while both side stationary vending shall be allowed on a road having road width of 30 meters and above.
- d. Number of street vendors shall be decided by considering holding capacity of each designated vending area on such a road.
- e. Such stationary vending shall be allowed after taking the clearance from traffic police regarding the smooth vehicular and pedestrian movement. If required, road side parking shall be banned in such area where street vending is allowed.
- f. Mobile vending shall be allowed on such road looking to the traffic and pedestrian movement.
- g. Suggestive road designing is attached as Annexure.

iii. No vending zone:

- a. No vending shall be allowed around 50 meters of the Govt. Buildings and archaeological monuments.
- b. No vending within 50 meters from crossing of two or more roads on all side and any declared heritage structures by the local authority.

4. A street vender, who got street vending certificate for any of these vending zones, shall not —

- i. Obstruct or interfere with vehicle, bicycle or pedestrian traffic or their safety;
- ii. Obstruct or interfere with doorways, entrances, fire doors or emergency exits adjacent to the street;
- iii. Obstruct or interfere with any utilities like water supply, sewerage, telephone, electricity etc or similar installations;
- iv. Obstruct or interfere with any other structures, sign boards, display units, city works or operations, on or adjacent to the street;
- v. Sell any objectionable goods or services or merchandise etc;
- vi. Occupy more space than allotted by the TVC;
- vii. Sell goods or services or merchandises after fixed hours as specified by the TVC;
- viii. Put garbage anywhere except specific place, which identified by the local authority;
- ix. Sell their goods or services or merchandises after expiry of the vending certificate;
- x. Use of loudspeakers, megaphones, sound systems or other amplification equipment;
- xi. Transfer the certificate to any other vendors without approval;

5. Responsibility of Street Vendors -

The street vendor or the employees of the vendor shall have to-

- i. Do vending on the place as specified in the vending certificate;
- ii. Comply with all conditions specified in the certificates;

CHAPTER-II

MANNER OF VENDING IN DIFFERENT VENDING ZONES

3. TVC shall have to decide about vending zones considering an intensity of foot falls, Road width and vehicular & pedestrian movement for the city.
 - i. There shall not be any restriction-free-vending zones in the city. Carrying capacity of an area would put the ultimate limit on the number of street vendors which can be positioned in any area. However, there shall not be any restriction on mobile vending in this area if vendors continuously move without affecting traffic and commuter movements. In such cases the TVC has to decide the total number of such mobile vendors can be accommodate after taking into account the area of significant footfall and 1/3rd of the holding capacity of the area. Otherwise there is every chance of mobile vending itself

creating problem for the traffic movement. as the mobile vending invariably takes place from the carriage way.

ii. Restricted vending zones should be linked with the road width:

- a. There shall not be any stationary street vending on a road having width equal to 3.5 meters. However, street vending shall be allowed if such road is declared as no vehicular road.
- b. There shall not be any stationary street vending on a road having width between 6 meters to 9 meters. However, street vending shall be allowed if such road is declared as one way vehicular road.
- c. There shall be only one side stationary street vending on a road having width between 12 meters to 24 meters while both side stationary vending shall be allowed on a road having road width of 30 meters and above.
- d. Number of street vendors shall be decided by considering holding capacity of each designated vending area on such a road.
- e. Such stationary vending shall be allowed after taking the clearance from traffic police regarding the smooth vehicular and pedestrian movement. If required, road side parking shall be banned in such area where street vending is allowed.
- f. Mobile vending shall be allowed on such road looking to the traffic and pedestrian movement.
- g. Suggestive road designing is attached as Annexure.

iii. No vending zone:

- a. No vending shall be allowed around 50 meters of the Govt. Buildings and archaeological monuments.
- b. No vending within 50 meters from any crossing of two or more roads on all side and any declared heritage structures by the local authority.

4. A street vender, who got street vending certificate for any of these vending zones, shall not —

- i. Obstruct or interfere with vehicle, bicycle or pedestrian traffic or their safety;
- ii. Obstruct or interfere with doorways, entrances, fire doors or emergency exits adjacent to the street;
- iii. Obstruct or interfere with any utilities like water supply, sewerage, telephone, electricity etc or similar installations;
- iv. Obstruct or interfere with any other structures, sign boards, display units, city works or operations, on or adjacent to the street;
- v. Sell any objectionable goods or services or merchandise etc;
- vi. Occupy more space than allotted by the TVC;
- vii. Sell goods or services or merchandises after fixed hours as specified by the TVC;
- viii. Put garbage anywhere except specific place, which identified by the local authority;
- ix. Sell their goods or services or merchandises after expiry of the vending certificate;
- x. Use of loudspeakers, megaphones, sound systems or other amplification equipment;
- xi. Transfer the certificate to any other vendors without approval;

5. Responsibility of Street Vendors -

The street vendor or the employees of the vendor shall have to-

- i. Do vending on the place as specified in the vending certificate;
- ii. Comply with all conditions specified in the certificates;
- iii. Display the permit at vending place all times;
